

GROOMING @

Medical/Health Requirements

Current shot records must include...

- DHLPP (DHLP with Parvo/Corona as a separate vaccination is acceptable)
- Rabies
- Bordatella (boostered every 6 months if administered intranasally, yearly if injected)
- Must currently be on prescription heartworm and flea preventative
- Must have a negative fecal and heartworm test

If your vet has a different vaccination protocol, please ask them to include a note stating their protocol and include it with your vaccination paperwork.

Vaccination records may be brought when you drop your dog off or email prior to appointment.
